

ABA Maximum Allowed Amounts (rates effective April 2016, with 15% Max Reduction applied)

These rates were calculated by updating the National Rates presented at the ABA Roundtable (Dec 3, 2015) based on a re-survey of the states' Medicaid rates in January and February 2016. The updated National Rates were then adjusted using the Medicare geographic locality factors, exactly as used to adjust all other TRICARE rates. The rates depicted are either the actual rate calculated or the current rate less 15%, whichever is higher. The rates have also been adjusted to ensure they are no less than the Medicaid rates in those states which have adopted statewide Medicaid rates for these services.

The rates are effective April 1, 2016, for the localities below numbered 301-389. The rates without a locality number at the bottom are effective May 1, 2016.

These rates, like all other TRICARE rates, will be reviewed and appropriately adjusted annually and published at the same time as the CHAMPUS Maximum Allowable Charge rates (usually in March or April).

If Medicare establishes rates for ABA services, those rates will be adopted by TRICARE as required by law.

NOTE: rates are for 60 minute sessions, with the exception of non-hourly rates.

ABA Maximum Allowed Amounts (rates effective April 2016, with 15% Max Reduction applied)

These rates were calculated by updating the National Rates presented at the ABA Roundtable (Dec 3, 2015) based on a re-survey of the states' Medicaid rates in January and February 2016. The updated National Rates were then adjusted using the Medicare geographic locality factors, exactly as used to adjust all other TRICARE rates. The rates depicted are either the actual rate calculated or the current rate less 15%, whichever is higher. The rates have also been adjusted to ensure they are no less than the Medicaid rates in those states which have adopted statewide Medicaid rates for these services.

The rates are effective April 1, 2016, for the localities below numbered 301-389. The rates without a locality number at the bottom are effective May 1, 2016.

These rates, like all other TRICARE rates, will be reviewed and appropriately adjusted annually and published at the same time as the CHAMPUS Maximum Allowable Charge rates (usually in March or April).

If Medicare establishes rates for ABA services, those rates will be adopted by TRICARE as required by law.

NOTE: rates are for 60 minute sessions, with the exception of non-hourly rates.

ABA Maximum Allowed Amounts (rates effective April 2016, with 15% Max Reduction applied)

These rates were calculated by updating the National Rates presented at the ABA Roundtable (Dec 3, 2015) based on a re-survey of the states' Medicaid rates in January and February 2016. The updated National Rates were then adjusted using the Medicare geographic locality factors, exactly as used to adjust all other TRICARE rates. The rates depicted are either the actual rate calculated or the current rate less 15%, whichever is higher. The rates have also been adjusted to ensure they are no less than the Medicaid rates in those states which have adopted statewide Medicaid rates for these services.

The rates are effective April 1, 2016, for the localities below numbered 301-389. The rates without a locality number at the bottom are effective May 1, 2016.

These rates, like all other TRICARE rates, will be reviewed and appropriately adjusted annually and published at the same time as the CHAMPUS Maximum Allowable Charge rates (usually in March or April).

If Medicare establishes rates for ABA services, those rates will be adopted by TRICARE as required by law.

NOTE: rates are for 60 minute sessions, with the exception of non-hourly rates.
